*All dimensions in mm
**Wall fixings not supplied

2B - Additional cabinets. Fit 2 extension hooks onto new wall panel using 4 M4x10 screws provided. Hang wall panel beneath existing cabinet using 2 hooks for alignment. Proceed to step 3.

x4
**3.** A cut-out is provided in the wall panel for a single/double gang mains socket and/or cable entry. Fit mains socket and drill required cable entry holes through wall. Secure wall panel to wall using 4 wall fixings**.

**Wall fixings not supplied

**4.** Hang shelf from wall panel using 2 tabs at rear of shelf and fix in place using 4 M4x10 screws provided.

5. Fit mounting brackets to NetPower and NetServer. Place each item onto shelf and secure using 8 M4x10 screws provided.

6. Secure up to 2 USB hubs to underside of shelf using 4 M3x6 screws supplied for each hub.

(M) x2

(G) x8

---

7. Fit power supplies for NetServer / Mini NetServer / USB hubs onto wall panel either side of cable entry cut-out. Secure PSUs using cable ties in the mounting positions provided and connect cables.

(H)

---
8. Fit mounting brackets to both NetAmps. Fix each NetAmp to mounting box using 4 M4x10 screws provided. Feed NetAmp mains leads through from rear of mounting box using holes provided and plug into NetAmps.

(I) x2

(B)

(F) x8
9. Secure 6 way mains extension onto mounting box using cable ties. Mains extension should rest on tabs provided for extra security. Plug 6 way power socket into wall socket before screwing mounting box into place.

N

H

To 6 way mains extension
10. Sit mounting box onto wall panel using 2 lower tabs on mounting box. Fix to wall panel using 2 M4x10 screws provided.

F x2
11. Plug all mains plugs into 6 way mains extension and connect cables between products* as required. Use cable ties in mounting positions provided to keep cables tidy after installation.

G
*See manual supplied with each product for connection details

12. Fit cover by pushing 4 fixing tabs through 4 cut-outs in wall panel. Push cover firmly on both front edges to engage all 4 fixing tabs and slide downwards to secure in place.
